

Independent Lab Results Confirm:

PureWorks **Kills 100%** of Germs!!!

In December of 2006, Microbiotest, Inc., an independent lab, tested PureWorks Lotion, Spray and Foam against harmful bacteria. The results didn't surprise us and they shouldn't surprise you! After every application of PureWorks products, the bacteria were reduced **100%!**

The following table illustrates the test results and PureWorks bacteria killing power:
